

Day 0 – Thursday, 23 September 2021

POST-GRADUATE COURSE TRACK 1-A: “Pulmonary Rehabilitation”

Moderator: CHARIZA HALUN, MD, FPCCP

PROGRAM

TIME	TOPIC/S & OBJECTIVES	SPEAKER
10:00am – 10:45am	<p>BASIC CONCEPTS OF PULMONARY REHABILITATION</p> <p>Learning Objectives. At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Define pulmonary rehabilitation. • Discuss medical and surgical indications for pulmonary rehabilitation services. • Discuss essential components of a comprehensive pulmonary rehabilitation program. • Discuss the recommended medical tests and procedures required of patients before starting pulmonary rehabilitation 	TIM TRINIDAD, MD, FPCCP
10:45am – 11:30am	<p>FACE TO FACE REHABILITATION VERSUS TELEREHABILITATION</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Discuss alternative models of pulmonary rehabilitation for people with chronic respiratory disease. • Discuss the benefits of pulmonary tele-rehabilitation and traditional center-based pulmonary rehabilitation for people with chronic respiratory disease • Compare whether tele-rehabilitation can achieve equivalent improvement in outcomes and equity access compared to traditional center-based pulmonary rehabilitation. • To discuss the current set up of pulmonary rehabilitation in our local setting. 	GLYNNA ONG CABRERA, MD, FPCCP
11:30am – 12:15pm	<p>CRITICAL CARE REHABILITATION</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Discuss the evidence supporting early rehabilitation and mobility in critically ill adults. • Describe and discuss how to change ICU clinical practice to implement early rehabilitation programs. • Describe the management of ICU medications, devices and monitoring systems for rehabilitation among adult patients • Discuss rehabilitation related assessments and interventions suitable for adult ICU and acute care patients. • Describe disease-specific rehabilitation strategies for critically ill patients • Describe the management of sedation and delirium for adult to promote ICU mobility. 	LENORA FERNANDEZ, MD, FPCCP, FCCP
12:15pm – 01:45pm	<p>Noontime Industry Symposium 1</p> <p>THE CATHAY DRUG CO., INC.</p> <p>“ADDRESSING AIRWAY DEMANDS DURING THESE CHALLENGING TIMES”</p>	JUBERT BENEDICTO, MD, FPCCP, FCCP
01:45pm – 02:30pm	<p>POST COVID REHABILITATION</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Describe the role of rehabilitation in the management of impairments resulting from COVID-19 • Determine the etiology of rehabilitation-related impairments in COVID-19 • Identify who and when to assess for rehabilitation needs. • Discuss education and advice to patients and their families • Discuss strategies to help patients and their families manage their impairments. 	BERNICE ONG-DELA CRUZ, MD, FPCCP, FSCCM

POST-GRADUATE COURSE TRACK 2A: "BASIC DIAGNOSTICS"

Moderator: RIOLODA DIOLA, MD, FPCCP

PROGRAM

TIME	TOPIC/S & OBJECTIVES	SPEAKER
10:00am – 10:45am	<p align="center">BASIC CHEST X-RAY</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Review the basic terminologies and techniques of chest x-rays • Familiarize with "the normal chest x-ray" • Learn and practice standardized sequence of chest x-ray interpretation • Learn and be able to recognize several common chest x-ray abnormalities 	KATLEYA GIRONELLA-MANLAPAZ, MD, FPCR
10:45am – 11:30am	<p align="center">BASIC CHEST CT SCAN</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Discuss the role of chest CT scan in diagnostic decision making, especially in the pandemic era • Describe the different chest CT scan protocols for imaging of patients • Review standardized sequence/s of chest CT Scan interpretation • Discuss several common Chest CT Scan abnormalities 	ROY VIZCARRA, MD, FPCR
11:30am – 12:15pm	<p align="center">BASIC SPIROMETRY</p> <p>Learning Objective: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Give an overview of what Simple Spirometry is, how to perform it and how to interpret it. • Discuss the clinical indications of spirometry • Discuss safety precautions in doing a simple spirometry in this pandemic era. • Discuss the quality criteria to produce acceptable and reproducible results. 	ROLAND PANALIGAN, MD, FPCCP
12:15pm – 01:45pm	<p align="center">Noontime Industry Symposium 2 PFIZER- Anti Infectives</p> <p align="center">"RECALIBRATING APPROACHES in CAP MANAGEMENT"</p> <p align="center">Moderator: RICARDO ZOTOMAYOR, MD</p>	LIZA GARCIA, MD, FPCCP, FCCP

POST-GRADUATE COURSE TRACK 2B: "SMOKING CESSATION"

TIME	TOPIC/S & OBJECTIVES	SPEAKER
	<p align="center">PART 1</p> <p align="center">THE SCIENCE in SMOKING CESSATION: NOT a HARD BEHAVIOR to BREAK!</p> <p align="center">Moderator: SHANE CENIZA- BOISER, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Discuss the biopsychosocial framework of smoking and nicotine dependence • Present evidence-based effective systematic approaches to smoking cessation • Discuss the pharmacotherapeutic modalities in smoking cessation • Highlight motivational interviewing techniques to create the change talk • Discuss cognitive behavioral approaches to remain relapse-free 	
01:45pm – 01:50pm	<p align="center">INTRODUCTION TO THE SESSION</p>	SHANE CENIZA BOISER, MD, FPCCP, FCCP
01:50pm – 02:10pm	<p align="center">WHY is it HARD to QUIT? NICOTINE DEPENDENCE SYNDROME as a DISEASE and SMOKING</p>	RIOLOIDA DIOLA, MD, FPCCP
02:10pm – 02:30pm	<p align="center">SYSTEMATIC APPROACH to SMOKING CESSATION: THE NEWER VERSIONS of the 5A's and SETTING UP a SIMPLE SMOKING CESSATION SERVICE in YOUR CLINIC</p>	LENORA FERNANDEZ, MD, FPCCP, FCCP
02:30pm – 02:50pm	<p align="center">PHARMACOTHERAPEUTICA MODALITIES in SMOKING CESSATION</p>	MARIA PHILINA VILLAMOR, MD, FPCCP
02:50pm – 03:10pm	<p align="center">THE INS and OUTS of MOTOVATIONAL INTERVIEWING: HELPING the SMOKERS THINK ABOUT CHANGING</p>	LOUELLA PATRICIA CARPIO, MD
03:10pm- 03:15pm	<p align="center">QUESTION & ANSWER & CONCLUSION</p>	SHANE CENIZA BOISER, MD, FPCCP, FCCP
	<p align="center">PART 2</p> <p align="center">LET'S end ENDS! DISCUSS TO COMMIT!</p> <p align="center">Moderator: MA. BELLA SIASOCO, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Understand the medical and environmental effects of ENDS • Understand the current evidence on ENDS for smoking cessation versus being a gateway for drug or nicotine dependence • Be cognizant of the legislature and lobby positions on ENDS in the Philippines • Be cognizant of effective community measures that HCPs can participate or initiate in for tobacco and ENDS control in their own communities • Be able to make a personal commitment to end ENDS in their own communities 	

TIME	TOPIC/S & OBJECTIVES	SPEAKER
03:15pm- 03:25pm	INTRODUCTION TO SESSION and SPEAKERS	MA. BELLA R. SIASOCO, MD, FPCCP
03:25pm – 03:35pm	MEDICAL and ENVIRONMENTAL EFFECTS of VAPING and ENDS	MA. ENCARNITA LIMPIN, MD, FPCCP
03:35pm – 03:45pm	ENDS AMONG THE YOUTH	RIZALINA RAQUEL GONZALEZ, MD
03:45pm – 04:00pm	THE LEGISLATION and POLITICAL SCENARIO SURROUNDING ENDS in the PHILIPPINES	ATTY. BENEDICT NISPEROS
04:00pm – 04:15pm	FIGHTING SMOKING AND VAPING in GUAM: BEST PRACTICE IN A COMMUNITY SCENARIO	ANNETTE DAVID RUBIO, MD
04:15pm – 04:25pm	MY MESSAGE TO THE YOUTH	MR. ISAAH CULLEN MENDOZA Advocate Against Vaping
04:25pm- 04:35pm	OPEN FORUM with ACTIVE REPORTING from ACCP MEMBERS ABOUT ISSUES in THEIR OWN COMMUNITIES on TOBACCO CONTROL and VAPING	
04:35pm- 04:45pm	COMMITMENT STATEMENT from ACCP MEMBERS CONCLUSION	
05:00pm- 06:30pm	Sunset Industry Symposium 1 PFIZER- Sterile Injectables Topic: “ICU CHRONICLES” Part 1- THE EXPERIENCE of the ASTHMATIC at the TIME of the PANDEMIC Moderator: SUE KIMBERLY TAN, MD, FPCCP	PATRICK GERARD MORAL, MD, FPCCP
	Part 2- FROM BAD to WORSE- PRACTICAL TIPS on ICU SEDATION Moderator: SUE KIMBERLY TAN, MD, FPCCP	ALBERT B. ALBAY JR, MD, FPCCP
VIRTUAL RAFFLE		

Day 1 – Friday, 24 September 2021

**OPENING CEREMONIES
& INDUCTION OF NEW MEMBERS**
10:00am to 10:50am
STEVEN Q. SIMPSONS, MD, FCCP
(Keynote Speaker)

TIME	SESSION / FACULTY
10:50am 11:00am	OPENING OF THE EXHIBITS
11:00am 11:45am	<p style="text-align: center;">PLENARY SESSION 1: COVID Vaccines 101 and Post-Vaccination Facts and Myths Speaker: EDSEL MAURICE T. SALVANA, MD, DTM&H, FPCP, FIDSA Session Chair: SUE KIMBERLY TAN, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Give an update regarding the current COVID-19 vaccine landscape globally and in the Philippines • Enumerate similarities and differences among currently available COVID-19 vaccines • Explain vaccination guidelines, indicators and contraindications • Present wins and challenges in the COVID-19 vaccination in the Philippines
11:45am 12:30pm	<p style="text-align: center;">PLENARY SESSION 2: The status of Tuberculosis in the midst of the pandemic Speaker: A B M TUHIDUL ISLAM, MD Session Chair: SUE KIMBERLY TAN, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Give an overview of the current tuberculosis landscape globally, regionally and in the Philippines • Provide updates on the changes in trends of TB epidemiology during the current pandemic • Provide possible solutions to these identified problems in TB care
12:30pm 02:00pm	<p>Noontime Industry Symposium 3 SANDOZ “Rethinking Latent TB Infection: The Hidden Pandemic” Speaker: DANIEL TAN, MD</p>
12:30pm 02:00pm	<p>Noontime Industry Symposium 4 PFIZER- Anti Infectives “PULMO MATTERS: Advances and Innovations in HAP/VAP Treatment” Speaker: CAMILO ROA JR., MD, FPCCP Moderator: RICARDO ZOTOMAYOR, MD</p>
12:30pm 02:00pm	<p>Noontime Industry Symposium 5 BOEHRINGER “The Respimat Reusable Footprint: How Switching to an SMI impacts your patients and the environment” Speaker: PROF. KLAUS RABE Moderator: EILEEN ANICETO, MD, FPCCP</p>
VIRTUAL RAFFLE	

Day 1 – Friday, 24 September 2021

TIME	SESSION / FACULTY
02:00pm 03:30pm	<p style="text-align: center;">Convention Symposium 1</p> <p style="text-align: center;">Solitary Pulmonary Nodule: First vs Third World Approach</p> <p>Speakers: ARTHUR OLIVER ROMERO, MD, FCCP, DAABIP and JULIUS J. DALUPANG, MD, FPCCP Session Chair: ARRIANE EVANGELISTA, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Contrast differing etiologies of SPN in first vs. third-world settings • Enumerate current guidelines on the approach to an SPN in an ideal and resource-limited setting • Compare tissue biopsy techniques and approach to SPN in two different scenarios.
02:00pm 03:30pm	<p style="text-align: center;">Convention Symposium 2</p> <p style="text-align: center;">When Oxygen Becomes Life: Overview of different O₂ delivery systems in the critically ill in a resource limited setting</p> <p>Speakers: PROF. GRAEME D. A' COURT and ALBERT L. RAFANAN, MD, FPCCP, FCCP Session Chair: MA. PHILINA VILLAMOR, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Provide overview of different oxygen delivery systems, including appropriate clinical applications and advantages/disadvantages • Give an update on newer technologies in oxygen delivery especially in the context of the COVID-19 pandemic
02:00pm 03:30pm	<p style="text-align: center;">Convention Symposium 3</p> <p style="text-align: center;">The Thing That Never Sleeps: Updates and challenges in the management of sleep disorders</p> <p>Speakers: PROF. YONATAN GREENSTEIN and ABIGAIL ZARASPE, MD, FPCCP, FPSSM, DWASM Session Chair: JONRAY MAGALLANES, MD</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Present challenges in the diagnosis of sleep disorders during the pandemic time • Enumerate new technologies and present new evidence in the approach to treatment of sleep disorders
03:30pm 05:00pm	<p style="text-align: center;">Convention Symposium 4</p> <p style="text-align: center;">The Legacy of Light: Pleural Diseases Updates</p> <p>Speakers: PROF. PYNG LEE and RONALD A. FAJARDO, MD Session Chair: ARRIANE EVANGELISTA, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Provide changes in epidemiology of the etiology of pleural effusions and thickening in recent years • Give an update on the diagnostic approach to these disease

Day 1 – Friday, 24 September 2021

TIME	SESSION / FACULTY
03:30pm 05:00pm	<p style="text-align: center;">Convention Symposium 5</p> <p style="text-align: center;">When do we say it's enough? Fluids vs. Vasopressors in Shock: Panel Discussion</p> <p>Speakers: JOSEPH P. MATHEW, MD, FACP, FCCP and JUBERT P. BENEDICTO, MD, FPCCP, FCCP Session Chair: MA. PHILINA VILLAMOR, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Discuss methods of resuscitation and fluid management in shock states • Present different approach to measure fluid responsiveness and challenges encountered with these • Elucidate proper vasopressor therapy in appropriate clinical states
03:30pm 05:00pm	<p style="text-align: center;">Convention Symposium 6</p> <p style="text-align: center;">Critical Care Nutrition: Changes and Challenges</p> <p>Speakers: MATTHEW C. EXLINE, MD and JESUS FERNANDO B. INCIONG, MD, MSc, FPCS, FACS Session Chair: JONRAY MAGALLANES, MD</p> <p>Learning Objectives: At the end of this session the participant will be able to:</p> <ul style="list-style-type: none"> • Describe basic concepts the approach to nutritional management of critically ill patients • Discuss changes in protocols in nutrition during the pandemic • Suggest ways to improve over-all nutritional therapy for the critically ill
05:00pm 06:30pm	<p style="text-align: center;">Industry Sunset Symposium 2</p> <p style="text-align: center;">Pfizer- Anti Infectives</p> <p style="text-align: center;">“Respiratory Co-infections and Secondary Bacterial Pneumonia in SARS-COV 2”</p> <p style="text-align: center;">Speaker: ALBERT RAFANAN, MD, FPCCP</p>
05:00pm 06:30pm	<p style="text-align: center;">Industry Sunset Symposium 3</p> <p style="text-align: center;">UNILAB- UAP</p> <p style="text-align: center;">“Power of Vitamin D: Immunity and COVID-19”</p> <p style="text-align: center;">Speaker: JAN PAOLO P. DIPASUPIL, MD, MBA, DipIBLM, DPCLM</p>
05:00pm 06:30pm	<p style="text-align: center;">Industry Sunset Symposium 4</p> <p style="text-align: center;">Novartis</p> <p style="text-align: center;">“The Value of Biologics in Severe Asthma Management: from Data to Clinical Practice”</p> <p style="text-align: center;">Speaker: PIN- KUEI FU, MD Moderator: DINA V. DIAZ, MD, FPCCP</p>
VIRTUAL RAFFLE	

Day 2 – Saturday, 25 September 2021

TIME	SESSION / FACULTY
10:00am 10:45am	<p align="center">Plenary Session 3: Stable and Critically Ill Pregnant Asthmatics</p> <p align="center">Speaker: STEPHANIE M. LEVINE, MD, FCCP Session Chair: JILLIAN TABORA, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Discuss the epidemiology, varying severities and unique features of asthma in pregnant women • Present challenges in the management of pregnant asthmatics • Provide evidence and updates regarding the peculiarities of the management of critically ill pregnant asthmatics
10:45am 11:00am	<p align="center">VISIT THE EXHIBITS</p>
11:00am 11:45am	<p align="center">Plenary Session 4: The ever-rising problem of antibiotic resistance in HAP/VAP</p> <p align="center">Speaker: MARCOS I. RESTREPO, MD, MSc, PhD, FCCP Session Chair: JILLIAN TABORA, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Describe current trends in the epidemiology of antimicrobial resistance worldwide and locally • Illustrate real-world challenges in the management of MDR VAP • Enumerate novel therapeutic approaches in these infections • Provide suggestions on how to curb the rising incidence of MDR pneumonia
11:45am 12:30pm	<p align="center">Plenary Session 5: Ethical dilemmas in times of COVID: Has it changed?</p> <p align="center">Speaker: PATRICK GERARD L. MORAL, MD, FPCCP Session Chair: JILLIAN TABORA, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Reiterate the basic medical ethical principles applicable to the Philippine setting • Review changes in ethical decision-making from pre-pandemic era to current pandemic situations • Illustrate specific ethical dilemma scenarios in the current COVID-19 pandemic and potential ways of resolution
12:30pm 02:00pm	<p align="center">Noontime Industry Symposium 6</p> <p align="center">UAP</p> <p align="center">“Anticipating COPD Diagnosis and Management during the Pandemic”</p> <p align="center">SPEAKERS: YOSHIKO I. MAQUILING, MD IRENE SALVE D. JOSSON- VERGARA, MD</p>
12:30pm 02:00pm	<p align="center">Noontime Industry Symposium 7</p> <p align="center">NOVARTIS</p> <p align="center">“Beyond Bronchodilation: Impact of Reducing Lung Hyperinflation on Cardiac Function and Health Status of COPD Patients.”</p> <p align="center">SPEAKER: DINA V. DIAZ, MD, FPCCP MODERATOR: GLYNNA ONG-CABRERA, MD, FPCCP</p>
12:30pm 02:00pm	<p align="center">Noontime Industry Symposium 8</p> <p align="center">PFIZER- Vaccines</p> <p align="center">“Value of Vaccination in Adults and Elderly Against Pneumonia”</p> <p align="center">SPEAKER: RICARDO ZOTOMAYOR, MD</p>
<p align="center">VIRTUAL RAFFLE</p>	

Day 2 – Saturday, 25 September 2021

TIME	SESSION / FACULTY
02:00pm 03:30pm	<p align="center">Convention Symposium 7</p> <p align="center">The POCUS in Critical Care Ultrasound</p> <p>Speakers: KEITH P. GUEVARRA, D.O., FCCP and MARIE CHARISMA LABORTE, MD, FPCP, FPCCP Session Chair: RHEA JOY P. TABUJARA, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> To give insight on the rising role of ultrasound in the care of pulmonary patients Describe the basic critical care ultrasound principles Illustrate through specific cases the utility of ultrasound in the ICU
02:00pm 03:30pm	<p align="center">Convention Symposium 8</p> <p align="center">A Panel Discussion on COPD and the Challenges encountered amidst the crisis</p> <p align="center">CME GRANT BY: BOEHRINGER INGELHEIM</p> <p align="center">Speakers/ Panelists: ANDREW BERMAN, MD ROMMEL N. TIPONES, MD, FPCCP MARIA PHILINA P. VILLAMOR, MD, FPCCP Session Chair: REINALYN CARTAGO -LUCENO, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> Review current scientific evidence in the risks of COPD patients in the face of the COVID. Present challenges and potential solutions in the difficulty in COPD Diagnostics currently encountered Enumerate changes in management of COPD patients pre- and during this pandemic
02:00pm 03:30pm	<p align="center">Convention Symposium 9</p> <p align="center">Gasping for air: Issues and challenges in ARDS management</p> <p>Speakers: KENNETH LYN-KEW, MD and RONALD ANTONIO S. REODICA, MD, FCCP Session Chair: MILRAAM QUINTO, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> Describe basic pathophysiologic alterations in ARDS Contrast the current evidence in management of ARDS, both COVID and NON-COVID Relate real-world practices in ARDS management (including new delivery systems)
03:30pm 04:15pm	<p align="center">Convention Symposium 10</p> <p align="center">The great mimic: Venous Thrombo-embolism and its many faces</p> <p>Speaker: JULIE CHRISTE G. VISPERAS, MD, MHPed, FPCCP Session Chair: RHEA JOY P. TABUJARA, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> Discuss current epidemiologic trends of VTE, including varying risk factors Present novel information about the diagnostic approach to VTE Compare COVID-induced VTE from “classic” VTE and how to optimally manage them
03:30pm 04:15pm	<p align="center">Convention Symposium 11</p> <p align="center">The forgotten “Pandemic”: How can we reduce Lung Cancer burden?</p> <p>Speaker: GERARD A. SILVESTRI, MD, MS, FPCCP Session Chair: REINALYN CARTAGO -LUCENO, MD, FPCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> Present changes in lung cancer landscape Describe updates on lung cancer screening strategies Illustrate novel treatment strategies for treating lung cancer Propose ways on how to curb increasing lung cancer burden during the pandemic

03:30pm 04:15pm	<p align="center">Convention Symposium 12</p> <p align="center">Post-inflammatory pulmonary fibrosis: What's the optimal approach?</p> <p align="center">Speaker: RUTH MARIE R. DIVINAGRACIA, MD Session Chair: MILRAAM QUINTO, MD, FCCP</p> <p>Learning Objectives: At the end of this session, the participant will be able to:</p> <ul style="list-style-type: none"> • Define the syndrome of post-inflammatory pulmonary fibrosis • Detail ways on how to detect this condition • Present a logical approach on the diagnosis of this syndrome • Give ways on how to properly manage this condition in resource limited settings
04:15pm 05:00pm	<p>CLOSING CEREMONIES</p> <p>VIRTUAL RAFFLE</p>
05:00pm 06:00pm	<p>BUSINESS MEETING</p>
